Suspects Held In Narcotics Arrest, Assault

PLACENTIA — As a result of undercover narcotics operations in the city of Placentia four persons suspected of dealing in narcotics are being held in Orange County Jail, and seven juveniles from Fullerton and Placentia are being held in Orange County Juvenile Hall.

During a narcotics transaction by undercover agents in Carbon Canyon last Tuesday afternoon, June 1 eight persons suspected of dealing in narcotics assaulted two officers, according to police. Rocks and weapons were thrown at the officers, and a state owned vehicle was damaged.

With the aid of officers from Brea, Placentia and the State Bureau of Narcotics Enforcement all of the suspects were arrested, and are currently confined.

Sergeant Gene Cason of the Placentia Police Department states that narcotics investigations are continuing and other arrests are expected in the near future.

Those arrested last Tuesday include Guy Steel, 18, 2039 Gillian, Daniel Thomas Hanley, 18, 4021 Cartien, and Dean Alan Gaetke, 19, 149 Beal, all of Placentia, and David Edmond Wright, 18, 2461 Medford, Fullerton.

PUSD Board Rehires Six Valencia High Teachers

PLACENTIA — Six Valencia High School teachers were rehired by the Placentia Unified School District Board of Education last week following the resignations of several other teachers.

The six are Frank Chavez, William McMillan, Carol Holst, Albert Safallo, Marilyn Traylor, and Shirley Strother.

Board President Roy Knauff stated, "The above personnel were reemployed based upon leaves and resignations at the secondary level. People at the elementary level will also be offered reemployment as openings appear by virtue of further resignations and-or leaves."

In another statement Knauff stated that the board had decided not to change the numerical strength of the district staff and will maintain it at four administrators.

YL Council Begins Plan Hearings

YORBA LINDA — The City Council will continue its series of public hearings on the new general plan as proposed by Lampman and Associates and amended by the Planning Commission next Tuesday evening at 7:30 in the city hall.

The plan was approved by the commissioners several months ago with several changes, primarily in lowering density in the northwest part of the city. Several changes in roads were also recommended.

The plan is the result of several years of work by the planning consultant and the city council to provide a guide for the development of the city.

He also said that the board was instructing the superintendent to advertise for a new principal for Tuffree Intermediate School to replace Alvin Hawkins, recently promoted to fill the assistant superintendent for instructional services position.

In other action the board approved the use of Bradford Stadium for a fireworks display to be sponsored by the Y's Mens Club on July 3.

Placentia Council Approves Change, Denies Variance

PLACENTIA — The City Council approved a zone change from R-G to R-1 for property at the southeast corner of Golden Avenue and McCormack Lane at its regular meeting last Tuesday.

The change was initiated by the city following a change in the general plan for the area. It was opposed by the owner of the property who wanted to place a condominium development on the property.

Councilmen also denied a variance request from the McCarthy Company to reduce the size of homes in a low income housing tract south of Santa Fe Avenue east of the freeway from the minimum 1300 square feet to 1190 square feet.

The developer claimed that he could not afford to build the homes unless the size was lowered because the FHA has set a maximum price for the homes being built under a federal program.

Councilmen also approved a tentative tract map submitted by C.J. Bonner Company for 37 lots on 9.3 acres on Valencia Avenue south of Bastanchury Road.

Councilmen also approved a revised version of the new camper ordinances, changing the

Planning Commission denial of a request for a permit to allow a swimming pool and cabana area in a tract at the north end of Dorothea Street.

Councilmen voted to oppose the proposed annexation to Placentia in the Rose Drive area until representatives of both cities can meet to straighten out several irregular boundary lines. The Local Agency Formation Commission will hear the annexation today.

Habitual Arm And Shoulder Pain Can Be Neuritis

It is a common occurrence in Chiropractic offices to have some new patient say, "Doctor, my shoulders and arm have been paining me for seven or eight months. Our family physician has taken X-rays and says there is no arthritis or bursitis. He feels that it is neuritis. I cannot put my arm behind my back. I cannot raise it to comb my

Dr. Donald Brinkley

hair. I can only do a limited part of my work and that with great discomfort. I am constantly taking sedatives. I have not had a night of natural sleep since it first

started to pain me. I have had shots. I have had heat and light treatments. I have used different liniments. But nothing seems to make any headway against the constant suffering."

We asked Dr. Donald Brinkley, of the Brinkley Chiropractic Centers, why so many neuritis sufferers delayed seeking Chiropractic treatment. Is it because they cannot understand the relationship between the spinal column and the pain in the arm?

"If so, we can only restate the fact that nerves which extend into the shoulder and arm have their origin in the spinal cord and pass through openings between the bones of the spinal column. The same anatomical facts apply to other places where neuritis is prevalent," continued Dr. Brinkley, "such as the nerves that extend between the ribs, nerves that extend up over the back of the scalp or even into the legs."

Is this delay because they do not remember having injured the spinal

column?

"If so," stated Dr. Brinkley, "it cannot be emphasized too much that spinal distortions do not always come from a single, traceable injury such as a fall, a lifting strain or collision. Often-times, when a Doctor of Chiropractic shows a patient an X-ray of the patient's spinal column and points out the spinal deviations which the X-ray reveals, the patient will ask, 'how could that happen? I don't remember ever having strained my back.'"

"Many of the reasons could be summed up in one word, 'HABIT'. For the person who does considerable driving each day it might be the habit of resting the arm on the car door. For the person who works in the factory it could be the position in which he works at his machine day after day."

"The nerves in which neuritis most frequently occurs are so closely related to the spinal column and the probabilities for disturbances of the spinal column to occur are so great that the thought of neuritis should immediately bring thoughts of the spinal column," concluded Dr. Brinkley.

Further information regarding this problem can be had by writing the News-Times, P.O. Box 10, 130 N. Bradford Ave., Placentia, Calif. 92670.

Bob Putman Wins Scholarship

Bob Putman, son of Mrs. Mary Putman of 2033 E. Sudene in Fullerton, was recently named one of the recipients of the Norton Simon Inc. Foundation scholarships.

The award pays \$500 towards student expenses and tuition and is given on the basis of scholastic achievement, extra-curricular activities, and college entrance board exams.

Bob plans to attend Chapman college on a \$900

academic scholarship coupled with a \$900 athletic award. He will also receive an additional \$100 for obtaining honors at entrance.

Beginning his high school career as freshman class president, Bob has maintained a well-rounded program of scholarship, activities and athletics.

Bob served as a sophomore student senator and as lettermen's club treasurer this year while maintaining a 3.8 grade

point average. An honorable mention on the national merit scholarship test is also one of the popular senior's accomplishments.

In athletics, Bob played B football and basketball in his freshman year moving up to the varsity division as a sophomore on Coach Bob Hamblin's basketball team.

Bob completed his junior and senior years as a varsity starter and was honored as team captain for 1971.

Homes Needed For Students

Twenty American families who are willing to share their homes with one to four French students who will be in Orange County August 13-23 are needed. The students are participating in a foreign field study program sponsored by the Foreign Study League and will be studying in New York for most of the summer.

Before returning to France at the end of the summer the students are very anxious to become a

part of an American family for these ten days. No special activities need be planned as the students wish

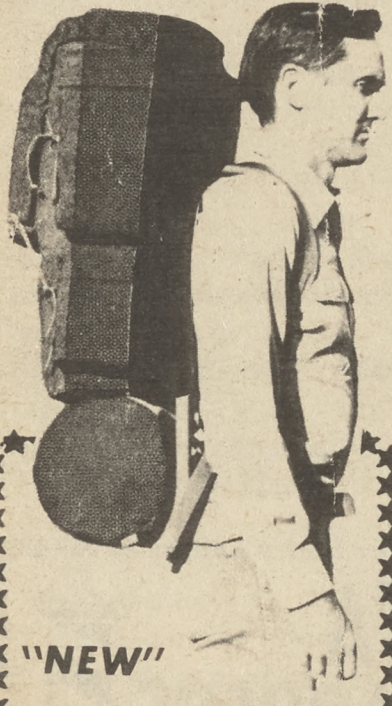

to "live like the natives."

For more information please contact Mr. Elcho Redding at 538-2605.

California Condor To Adorn Postage Stamp

Only 50 to 60 real California Condors are still alive so a new U.S. stamp is being issued to lend them a hand, Placentia Postmaster Owen Underwood announced.

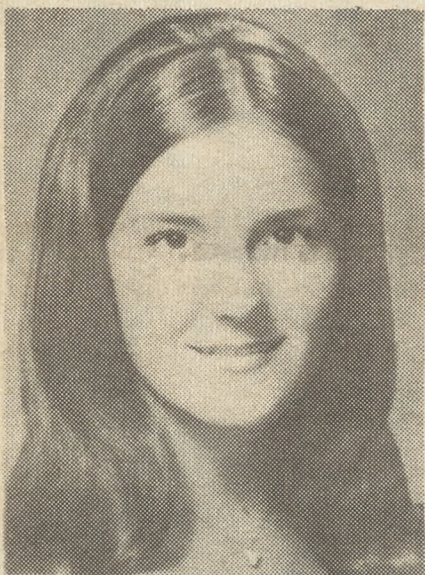

Coupled with this Postal Service action will be a State-wide condor protection drive under the theme, "Let them live—Let them alone."

This plea for the survival of California's few remaining condors will

keynote local ceremonies, here and throughout the State, as the 8-cents Condor Commemorative starts carrying mail across the U.S. after June 12.

The stamp shows the giant bird in full flight. The California Condor stamp is block-printed with three other wildlife conservation stamps featuring animals threatened by environmental deterioration or man-made hazards. They are the polar bear, the trout and the alligator.

The Postmaster said that agencies cooperating in the condor survival program include the California Academy of Sciences, the State Board of Education, the Department of the Interior, the California Fish and Game Department and the U.S. Forest Service.

Dressing for the Camera — A few things to consider.

Your clothing should provide a frame for your face, reflect your personality and not monopolize your portrait.

The camera tends to add weight, so remember dark colors are more slimming than light ones. In black and white pictures, red and blue photograph grey, pastels photograph white and black is always good.

For color, pastels and small prints are O.K. Choose colors to accent hair, eyes and complexion. Stay away from horizontal stripes and splashy prints.

Necklines should be simple. A roll collar, shirtwaist, frill or soft bow is more flattering than

one perfectly plain. A round jewel neckline should be softened with a scarf or strand of beads.

A lightweight sweater that clings to the shoulders is better than a bulky knit. And leave turtle necks to the tall, slim and very young.

Sleeves are better than bare arms, especially for just head and shoulder photographs.

Choose your dress to suit your personality. If you like to dress up, wear dangle earrings and frills. If you like tailored clothes, keep it simple. And men, why not wear a soft sport shirt or a sweater if that is your style.

To check your dress or suit always sit in front of a mirror, turn your body about 45 degrees, hands in lap and look into the mirror. Look at the back of the neck, shoulders and waistline as well as the neckline in front.

Don't worry about clothing dating your portrait. Half the fun of looking at old pictures is seeing the styles of the times, and you wouldn't want to deprive your descendants of that pleasure.

Mrs. Jones Home From Hospital

Mrs. Mary Jones of 701 N. Bradford Ave. has returned to her home. Mrs. Jones underwent surgery, following which she was in Sun Haven Convalescent Hospital. During her hospitalization, Mrs. Jones was the recipient of many cards, flowers and other gifts.

"I would like to thank all the many friends who so graciously remembered me," said Mrs. Jones, "and take this method through the columns of the paper to say a heartfelt thank you to all of them."

Mrs. Jones, who is now 81 years old, was honored on her birthday last year by her family with an "all family" get-together dinner. The City of Placentia honored her as one of the outstanding pioneer citizens of Placentia.

The bride and groom enjoyed a honeymoon in Italy and Greece.

David Snow Explains Policies

"Long range planning for the future, but care for the now in connection with the Placentia District Library" is the philosophy of David E. Snow, new Director of the Placentia District Library.

Snow, newly appointed to that position, attended a meeting of library executives held recently in Torrance. Viewed was the new library in that city, and studied were plans and construction materials, stated Snow. Also Snow, accompanied by Ann Thurston, member of the local staff, met with Orange County librarians who are members of the Santiago System, of which the Placentia facility is a part. At the latter meeting plans were discussed for a program called "Out-reach", which when simplified means how best to reach out and supply books to the areas not presently served adequately

by the library, especially recent annexations to the city.

"The problem facing us immediately," continued Snow, "is to find space in the present building for the most needed books and other items, as there seems a minimum of space still available. It may be necessary to store some of the present artifacts until

such time as programs warrant them being placed on display."

"It may seem like a small thing to do," said Snow, "but by washing one window high in the structure and screening it, we have avoided having doves resting there, and we have cleaned out any possibility of bugs and book lice from entering the building. Also the window cleaning has added to the daylight in that particular section."

Swimming Instruction Registration Underway

The Placentia Recreation and Parks Department will hold a summer swim program at the Valencia High School pool and at the El Dorado High School pool. The swimming program includes instruction for children four and over and also adult swimming instruction.

Special interest activities offered in the aquatics program include life saving, scout merit badge, synchronized swimming, diving, instructional water polo, introduction to competitive swimming, and Scuba diving.

The pool managers for the

summer are Walter Druff at El Dorado pool and Monica Turnbull at the Valencia High School pool.

Fees for the school programs vary according to the classes and are delineated in the department's aquatic's brochures which have been distributed at all the elementary schools. The brochure is also available at the Recreation and parks office.

Free recreational swimming will take place at both pools on a daily basis in the evenings and on weekends as scheduled.

New officers of the Placentia Junior Round Table surrounding President Mrs. George Larson, are, from left, Mrs. George Ramos, third vice-president; Mrs. Bruce Fink, second vice-president; Mrs. Walter Plegel, first vice-president; and Mrs. Robert Casias, corresponding secretary.

Mrs. Koeller Hosts Baby Shower For Sister-in-law

Mrs. John Koeller of Sandra Drive, Yorba Linda was the guest of honor at a baby shower given for her by her sister-in-law, Mrs. Peter Koeller, at 16341 Shadburn in Placentia.

Games were directed by the hostess and prizes were won by Mrs. William R. Towles, Placentia; Mrs. Roy Garner, Newport Beach; and by Miss Linda Haase of Glendale.

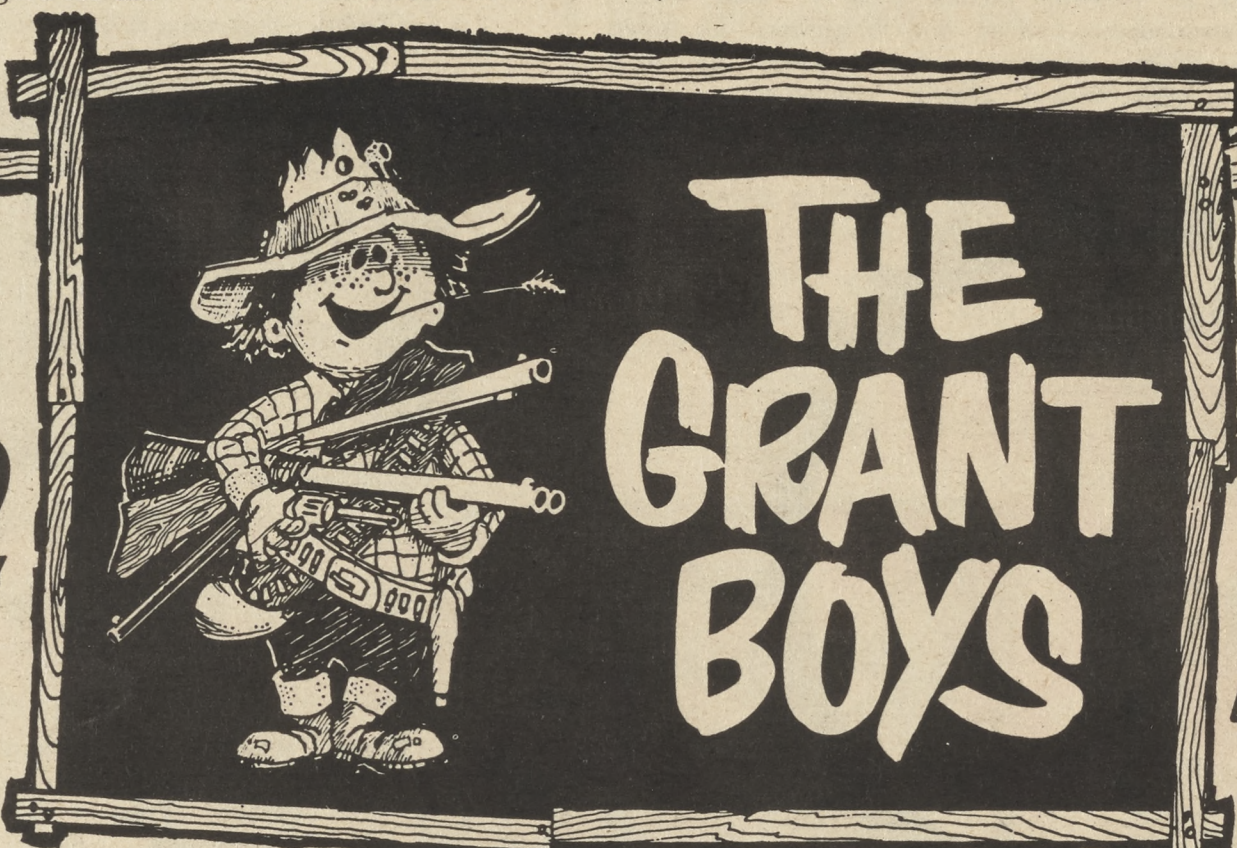

A champagne and Mai Tai punch was served upon the arrival of the guests and during the festivities. Little Miss Ericka Koeller, daughter of the Peter Koeller's assisted her

mother in presenting the many gifts to her aunt, the honored recipient.

The dining table of the Koeller home was centered with fresh sweet peas in a crystal bowl and coffee and tea were served from a silver service. Mrs. Herbert Koeller assisted with the pouring and serving of a beautifully decorated cake which depicted a bassinet in pastel shades. Sherbet in the shape of rosettes also accompanied the cake.

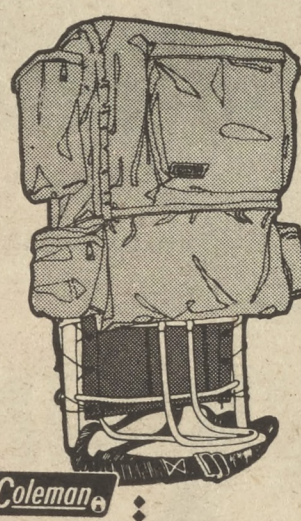

The many invited guests attending were from Whittier; Glendale; Newport Beach; Redlands; Yorba Linda and Placentia.

Five Teams Lead In YL Little League

Five teams are tied for the lead in the Major League of the Yorba Linda Little League in second half action. Teams tied with a 2-1 record are the Mets, Cubs, Phillies, Braves, and Pirates.

The American League race is very tight while the National League champion Colts are in a real fight to repeat their title.

The only undefeated team in the league is the International League Hornets at 7-0.

In the Senior League program the Dodgers are leading.

Benny Calla Is Owner Of Darby's Inn

In the June 2 issue of the News-Times, we erroneously stated that Tom DeYoung was co-owner of Darby's Inn. Benny Calla is the sole owner of Darby's Inn.

Tom DeYoung is co-owner of Golden West Vendor Co. of Tustin.

Ron Mooers Takes Fourth In State Meet

Valencia Tiger pole vaulter Ron Mooers failed to clear a 15'2" bar Saturday, with his elbow just barely knocking it off, and had to settle for a fourth place standing in the statewide track competition held at the UCLA campus.

Mooers soared 15'2" over the bar at the CIF track finals the previous Monday and secured the Orange County record, but the

talented senior was recorded with only a 14'10" jump on the final state ratings.

The first place vaulter from California, a senior from San Jose, took the laurels with a 15'2" jump. Second place was also recorded at 15'2", while third place dropped to 14'10", and Mooers was forced to settle for fourth place at 14'10" on more misses.

Expos Hold Major League Lead In Little League

By winning their last five games in a row, the Expos in the Major League of the Placentia Little League have pulled into a two-game lead over the Astros, Red Sox, and White Sox, fighting it out for second position. One game back, the Pirates and Senators are also tied.

In the National Division of the A League, the Twins maintain a slim one-game lead over a four-way tie between the Braves, Dodgers, Giants, and Indians for second place. In the American Division, the Reds and Yankees are tied for first, just one game ahead of the Cards and Cubs.

Both divisions of the Minor B League are headed by undefeated teams. In the Eastern Division, the Jets lead the Chargers by one game, followed by the Lions-Rams tie. In the Western Division, the Chiefs have a one-game margin over the Cowboys, followed by the Falcons and Raiders.

Spotlight for the week is on Kevin Irot of the Major League Senators, whose third home run of the season was a mighty blast over the left field fence on Field 2, well into the orchard.

Valencia High School Principal Dr. David Tansey dives into the pool to start the marathon swim held by the Tiger swim team last weekend.

Greg Bilton Is Named Most Valuable Golfer

Sophomore Greg Bilton was honored at last Wednesday's golf banquet as the Valencia Tigers' 1971 "most valuable" player.

Coach Hal Polley made his choice after Bilton led the Tiger crew to a league championship and after leading all other league players in CIF individual qualifying. Monday the talented underclassman participated in statewide competition held at the Virginia Country Club. Results from Monday's tournament were not available at press time.

Other award winners lauded at the annual banquet were Bob Kalmbach as the "most improved" golfer and Drew

Maynard was honored in receiving the Coach's Award.

Dennis Dorian was praised as being the "most valuable" junior varsity golfer and John Periera was cited as the "most improved" JV.

Editals Ousts Local Frosh From Finals

Freshman Dave Sherbeck was ousted from the CIF individual tennis finals on June 2 at Santa Ana High School.

In tennis there is no division for individual league champions as in team sports. Therefore, the 15-year-old Sherbeck had to meet the first man from Long Beach Poly High School, 17-year-old Jo Editals, who is fourth ranked in Southern California for 18-year-olds and under.

Sherbeck won the first set 6-2 but Editals fought back winning the second set 6-4. Editals won the final set as his endurance came through, 6-3, winning the match.

Youngsters Enter Angel Game Free

With one paid adult ticket five youngsters will be admitted free to Anaheim Stadium on Monday, June 28. The Angels will be playing the Kansas City Royals on that evening.

A cooperative arrangement has been made between the Lutheran Mutual Life Insurance Company and the Angels Stadium for this special event.

Individuals or groups must make arrangements for tickets by calling the Lutheran Mutual Office at 535-8750, or the Lutheran Mutual Representative in this area, William Dillon, at 535-5175.

Weekend Marathon Held At Valencia

Climaxing the 1970-71 year, Valencia's water fanatics staged a 64-hour swim marathon taking place over the past weekend.

The Tiger tankmen hosted this Placentia first which got underway at 4 p.m. Friday and came to a watery halt at 8 a.m. Monday morning.

Continuing through the 64-hour period the Tiger swimmers took 1,000 yard shifts and 32 laps at a time.

Highlighting the weekend vigil were guest swimmers Linda McClintock, Miss Placentia; Dr. David Tansey, VHS principal; Wilbur Waite, VHS assistant principal; and Anthony Miscione, VHS assistant principal.

Taking his last dunk in the Tiger tank, aquatics coach Jim Lock also made a

splash in the marathon. Lock is leaving Valencia for a job back east.

Proceeds from the marathon will be donated to worthy causes, with three quarters of the money going to the Prisoners of War fund and the remaining quarter will be utilized to aid the summer aquatics program.

Swimmers participating in the event, which ended at 8 am Monday morning,

included seniors Dennis Douglass, Rick Pickrell, captain; Dave Duffie, Tim Hofferth, Bob Zylius, Dave Turnquist, captain; John Quintana and Bob Snyder.

Steve Pickrell, Bob Gaertig, Chris Kallas, Jim Kallas, Mark Frideland, Mark Smallwood, Don Gresham, Mike Burke, Tom Olivier, Joe Olivier, Kenny Turnquist, Bob Binswanger, Jerry Folwell, Bob Mellos,

Steve Kneiss and Joel Patterson also participated. Volunteers who contributed laps were Ken Manville, Richard Hernandes, Bob Morris, Scott Smith and Coach Lock.

Dave Duffie was cited as the Tigers' top swimmer at the annual Swimmers Banquet. Duffie, having placed third in the CIF 100-yard breaststroke, led the VHS swim team to their second consecutive loop crown. Duffie's time of 1:02.4 gave him a new school and Orange League record, along with a possible All-American citation. The "Mr. Aquatics" award, a combined honor for the most versatile water-man, was given to All-American Rick Pickrell. Chris Kallas was found to be the most dedicated swimmer and Steve Kneiss was praised as the most improved.

QUESTIONS & ANSWERS REGARDING CHANGES IN Fictitious Firm Name Law

Question: What is a Fictitious Name?

Answer: A Fictitious Name is one that does not include the surname of the operator or one that implies the existence of other owners: (such words as "Company," "& Company," "& Sons," "Associates," "Brothers," but not words that merely describe the business being conducted. Or, a Corporation, if it includes a name other than the name given in the articles of incorporation.

Question: Who needs to file a fictitious firm name?

Answer: (All firms operating under a fictitious name for profit and it must be done under the new law by July 1, 1971.

Question: Does this include business established for many years?

Answer: Yes, although the new law does not become effective until July 1, 1971, businesses may re-file from now until June 30, 1971, preferably the sooner the better to avoid an anticipated rush as the due date draws near.

Question: Do all firms have to re-publish their statement?

Answer: The statement must be published if there has been any change in the information contained in the original statement, but need not be published if there has been no change in the information shown on the statement. File a new statement on or before December 31 of the fifth year after the year in which the original statement was filed.

Question: Where do fictitious names have to be published?

Answer: Publication of the statement must be made once a week for four weeks and begun within 30 days of filing, in a newspaper of general circulation in the county which circulates in the area in which the business is to be conducted.

Question: What is the purpose of the fictitious name procedure?

Answer: On July 1, 1971, the present code sections setting up the Fictitious Firm Name procedure (Section 2466, et seq. Civil Code) are revoked and new code sections (Sections 17900 to 17930 Business and Professions Code) replace them. The law was enacted to protect the consumer in enabling him to find out the person or persons with whom he is really dealing. If a new statement is not filed no person transacting business under the fictitious business name may maintain any action upon or on account of any contract made, or transaction had, in the Fictitious Business Name in any court of this state.

Question: What are the fees?

Answer: The new law calls for \$10.00 filing fees, plus publication costs, if necessary to be published.

Question: Where can fictitious name forms be obtained?

Answer: The Office of the County Clerk, Probate Division, Santa Ana Courthouse. Also The News-Times, a legally adjudicated newspaper. We will be happy to assist you in filling out and filing the necessary forms with the County Clerk.

TRUE ECONOMY ISN'T MORE MILES TO THE GALLON. IT'S MORE YEARS TO THE CAR.

We sell Volvos. Because we believe a long-lasting car will save you a lot more money than long-lasting gasoline. Granted, we can't guarantee how long your Volvo will hold up, but we do know Volvos last an average of 11 years in Sweden.

So if you want true economy, buy a Volvo from us. Chances are, you should be driving it to the bank to make deposits long after you stop driving it there to make car payments.
